FRIDAY, MAY 8, 1914

Thirty per cent of Ohio electors did not vote in 1910. The women would probably do better than that.

President Wilson last week nominated Ohio postmasters as follows: Canton, W. D. Caldwell; Alliance, F. D. Miller; Columbiana, C. V. Calvin; Leetonia, W. E. Warren. All were recommended by Congressman John J. Whitacre.

Timothy S. Hogan, Ohio's attorney general, candidate for the democratic nomination for U. S. Senator, is of the opinion that he will land the nomination in a walk, beating Zimmerman, Clarke and Lentz in the order named. Zimmerman, he declares, is the only candidate who has a look in with him. Mr. Lentz is savage-like attacking the record of Mr. Clarke in the Bryan campaign. As the fight progresses it promises to get mighty hot.

"Tell Dispatch readers that I am a candidate for the republican nomination for congress in this district," said former Congressman James Kennedy to our representative in Youngstown the other day. "And I am going to win, too," he added. Mr. Kennedy has been a standpatter all the way and he has not been backward about letting the public know it. Progressives have never received any comfort from him. He proposes to return to congress, if at all, on standpat principles.

Ohio republicans opposed to Joseph Benson Foraker for United States senator are urging ex-Gov. Myron T. Herrick of Cleveland to come home from France and run for senator. As matters now stand Foraker has the nomination within reaching distance and if heroic measures are not employed he will be in the running next fall. But the democratic candidate would doubtless like nothing easier than Foraker. Thousands of republicans would balk on voting for the former senator.

Council at its meeting Monday night passed an ordinance making Eastern standard time the time by which the village is to be governed. In the main citizens will take kindly to the change but there will still remain a considerable number who will insist on using sun time, just as they always have, while others will cling to Central standard because it is the legal time of the state. There is no doubt about the convenience and correctness of having one time, thereby saving endless confusion and inconvenience, but asking people to accept one time is one thing and getting them to do it is another. The Dispatch believes that since Council has legislated in favor of Eastern time every citizen should fall into line and be governed by it. People who have always clung to sun time because it was faster than Central standard should take kindly to Eastern because it is still faster than sun time.

SALEM

This year's high school graduating class numbers 41. As the school enumeration must be completed by May 15 two extra naturals will be required to do the work. Lisbon's council refuses to take action changing to Eastern time until it is made the legal time of the state by the legislature.

A local doctor was halted the other day while speeding his automobile to see a patient when the law no class of men have any license to exceed the speed limit. In the case of an Alliance doctor who was speeding through the city last Saturday the fine handed him by Mayor Johnson was \$20 and costs, which he paid.

Harry James, who formerly conducted saloons in this city and Greenford, has been refused a license in Pittsburgh, where he was in the saloon business, on the ground that he owes Allegheny county a large sum in fines and costs and liquor tax. Canton parties purchased the National Sanitary Co. plant, which has been idle for some time, for a little less than \$60,000. The plant will be put in operation in about ten days. The county field meet will be held at Lisbon next week Saturday.

Some fine gas wells are being struck in Cochen township. A meeting of the Northeastern Ohio Jersey Cattle Breeders' association was held in this city last Saturday. Indications are that its membership will be large, many applications having already been filed and the association is only two weeks old.

AUSTINTOWN

May 7—N. S. Haight, who went to Andover to take treatment for rheumatism, returned home a few days since, the physician in charge of the sanitarium having advised him not to take treatment at present on account of the condition of his heart. Mr. Haight's condition shows little improvement as yet, but he is hopeful and so are his numerous friends.

Christ Henninger of Warren was here Sunday calling upon friends. A Pittsburgh man was here Tuesday making arrangements to run a 20-passenger automobile between Youngstown and North Jackson, making three round trips daily. If he engages in the business the car will be running within a month.

Miss Eva Baker is employed in Youngstown. Irvin Sanzenbacher and bride of Canfield township are spending a week here at R. W. Smith's. Mr. Smith and Mr. Sanzenbacher have a job of painting in Youngstown.

Shedding appraised the Creed properties, which will be sold under partition proceedings. C. W. Russell, C. V. Baker and Frank Buchwalter were the appraisers.

A box social will be held in the school building Friday evening and all are invited to go and take a box.

Automobiles lined the roads last Sunday, hundreds being out for a spin and enjoy the country ozone.

Sam Mullineaux, the real estate man, today sold five acres of the Walter May farm to D. R. See who will at once build a house.

WHITACRE'S STRONG SUPPORT SHOWN THROUGHOUT OHIO

A personal canvass of every democratic voter in a county in southeastern Ohio was taken last month. The county was divided into twelve districts and a democratic canvasser appointed for each district. The poll showed Whitacre to be the favorite in three voting precincts out of every four in the county. Whitacre got a majority of the votes in nine of the twelve districts. The poll by districts was: First district, Cox 62, Whitacre 111; second district, Cox 141, Whitacre 123; third district, Cox 130, Whitacre 246; fourth district, Cox 60, Whitacre 11; fifth district, Cox 62, Whitacre 228; sixth district, Cox 50, Whitacre 135; seventh district, Cox 124, Whitacre 136; eighth district, Cox 15, Whitacre 225; ninth district, Cox 31, Whitacre 58; tenth district, Cox 130, Whitacre 223; eleventh district, Cox 162, Whitacre 150; twelfth district, Cox 162, Whitacre 151. The total for the county was 1,287 for Cox and 1,898 for Whitacre, the latter leading by 611.

In Mahoning county the circulation of Whitacre and Cox nominating petitions began on the same day. It is reported that at the end of three days there were more than 5,000 signatures on Whitacre petitions and about 1,800 on the Cox petitions. The Alliance Leader, a democratic daily, says editorially: "Fortunately, there is a way out for the democratic party in this state. Happily, the times and the conditions usually raise up a man big enough and broad enough to meet a crisis. In this crisis, it has remained for Stark county, with its rich political traditions and its prominent political prestige to furnish such a man. He is the Hon. John J. Whitacre, the present democratic congressman from this district. He has gallantly consented, not for purely personal ambition, to make the race against Gov. Cox to prevent the nomination of a man who has nullified home rule and created a strong cohesive political machine."

"Congressman Whitacre is performing a signal service to his party and to his state in making the fight against machine government and the system of government by spoils. Because he represents the best progressive thought of his party. Because he is opposed to the conditions which Cox has brought about and because he is willing to take up the fight for the decent, self-respecting democrats of this state to save the party from humiliating defeat. 'The Leader' declares heartily in favor of the candidacy of Congressman Whitacre. He will have the cordial support of this newspaper in his campaign against a government of spoils."

The Woodsfield Republican says: "The petitions of Gov. Cox are out here and we understand that up to date they have actually secured two signers. Whitacre's petition is also in circulation and about 100 names appear on it. Of the two Whitacre is a thousand times the best man."

KIND WORDS FOR OLD SOLDIER

The Youngstown Vindicator of some weeks since contained the following mention of Myron Wood of Youngstown, who is a candidate for the republican nomination for county treasurer:

"The primaries are a long way off, but there's a good deal of talk about the republican nomination for county treasurer, and the Vindicator hears so many favorable things said of Myron Wood's candidacy that we still think that if he is nominated it would be a fine thing for the Democrats to omit to nominate a candidate against him."

We shall not have many more opportunities of voting for a real Civil war veteran—they are nearly all gone—and it would be a worthy and high community tribute to this brave old soldier to elect him unanimously to this office, the duties of which he is so thoroughly fitted to discharge.

We wonder if our newer citizens know that this man while serving under Sheridan in the famous Shenandoah valley, just a few days before the famous ride—"And Sheridan twenty miles away" was twice wounded, one ball going through his right shoulder and one shattering his left leg below the knee so that it was amputated. During all the long years since he was wounded this devoted soldier has been a constant sufferer, but nevertheless he has gone uncomplainingly forward, doing a man's work in the world. It would be a fine thing, we repeat, to prove again that it is not true that "republicans are ungrateful," by giving this rare old soldier and highest type of citizen a unanimous election to the office which he desires.

Some Reasons Why THE ENTIRE COUNTY SHOULD SUPPORT

Because he represents the southern, south-western and western parts, which is over three-fourths of the entire county.

Because there has not been an elective office held by any man from this big portion of the county for many years.

Because the people of the southern and western part of the county are strongly Republican and have been giving for many years a steadily increasing majority to the Republican candidates of Youngstown and the eastern end of the county; and are not selfish, for they are willing that two members of the board of county commissioners should be elected from in or around the city of Youngstown.

Because J. M. Hazen is well acquainted with the different parts of the county, is an earnest, active business man who has made a success of his personal business, and would bring the best of intelligent business training to bear on the duties of his office if chosen by the voters.

Tires that did not require setting in thirty years—on a Studebaker

WHEELS are the life of a wagon. Hubs, spokes, felloes and tires of the best materials, put together by skilled workmen, go into every Studebaker.

What is the result? Mr. William H. Horton, of Nineveh, N. Y. writes that the tires on his thirty-six year old Studebaker farm wagon did not need resetting in thirty years—and the wagon was in use every day.

We can prove to you that this is not an exceptional Studebaker wagon. There are thousands of Studebaker wagons in use today that are forty years old and more. And that have cost their owners little or nothing for repairs.

Come in and look over our stock of Studebaker vehicles. Let us show you how well they are built.
